CAR WASH

Product Guide

Our Mission

To manufacture and provide the highest quality products, service, and support to our valued customers.

Laboratory Services

Quality Control

Every batch is certified by our chemists and a sample is retained for one year.

Research and Development

Ongoing program to develop new and improved formulas.

Analytical Services

We offer complete analytical service of products at our distributors request.

PRE-SOAKS

“The Finisher”

Formula 576: Designed for use with Formula 575 “The Solution” to achieve an unbeatable and completely non-corrosive two-step cleaning process. Biodegradable and very effective as a single-stage pre-soak.

Wonder Plus

Formula 534: High alkaline liquid pre-soak concentrate for frictionless cleaning in automatic and self-service car washes. Our premium liquid pre-soak for frictionless washing. Pleasantly scented.

RECLAIM

Formula 534: Our premium liquid pre-soak for frictionless washing. Cleaning is accomplished through a well balanced blend of foam, alkalinity, and solvent. 

HOT SHOT Alkaline Pre-Soak Enhancer

Allows for the ultimate in cleaning performance and flexibility. Produces exceptional cleaning results when used in conjunction with alkaline-based pre-soaks Formula 534 Wonder Plus or Formula 576 The Finisher.  

Improve Frictionless Pre-Soak

Formula 540: Single stage liquid alkaline pre-soak. Effectively cuts through tough road film and oils. Designed for use in frictionless car wash systems. Effective in all temperatures. Contains a unique surfactant for better cleaning. Excellent for use in reclaim systems. Also available with black cherry scent.

Film Blaster

Formula 564: Powerful high alkaline, high pH powder designed for frictionless and reduced friction washes when cleaning conditions are at their toughest. Rinses without leaving a film residue.

Film Blaster Liquid Booster

Formula 564B: Liquid booster for use with Formula 564 Film Blaster.  

Total Wash

Formula 525: The “total wash” solution for frictionless vehicle washing. This highly versatile liquid can be used as a low pressure pre-soak, high or low pressure detergent, or as the second step in the two-step low pH/high pH wash process. 

Heavy Duty Powder Pre-Soak

Formula 508: Highly concentrated heavy duty alkaline powder pre-soak formulated especially for frictionless car washing. Excellent for use as second step in the two-step low pH/high pH wash process. Cost effective. Our best selling powder for frictionless in-bay automatics.

Heavy Duty Powder Pre-Soak

Formula 588: Non-Phosphate version of Formula 508. Use with soft water only. 

Heavy Duty Detergent/Pre-Soak Plus

Formula 508 Plus: Same fine powder as Formula 508 with increased alkalinity and sudser.

Heavy Duty Detergent/Pre-Soak Powder

Formula 588 Plus: Non-Phosphate version of Formula 508 Plus. Use with soft water only. 

Fast Action Pre-Soak Powder

Formula 565: High pH, high alkaline powder pre-soak for frictionless washing. Use in the toughest cleaning situations. Dissolves quickly and easily, stays in solution.

Fast Action Pre-Soak Powder

Formula 565NP: Non-Phosphate version of Formula 565. Use with soft water only. 

IN-BAY AUTOMATICS / CONVEYORS

LOW pH DETERGENT/PRE-SOAKS

“The Solution”

Formula 575: The new generation in two-step cleaning. Exceptional low pH cleaner without the dangerous ingredients found in most low pH products. Superior removal of road film and windshield mask. Great foam show and refreshing citrus scent.  

LEMON ELIXIR Low pH Liquid Pre-Soak

Formula 574: Low pH acetic pre-soak designed for use in frictionless automatics and reduced friction conveyor car washes when used in conjunction with the alkaline step for the dual stage wash process. Outstanding cleaner without the dangerous ingredients found in most low pH products.  

Stage 1

Formula 536: High quality low pH citrus acid, solvent based detergent. Designed specifically for use as the low pH pre-soak or detergent in the two-step low pH/high pH wash process. Excellent for both frictionless in-bay automatics, and friction assisted conveyor car washes. 

Stage 1 Low Foam

Formula 536LF: Non-foaming version of Formula 536 for use when rinsing is a problem. 

Opta Klean III

Formula 532: A unique low-pH high foaming liquid concentrate. Non-corrosive. Designed for use in all cloth and brush washes, and as the first step in the two-step low pH/high pH wash process.

DETERGENTS

Achieve

Formula 531: Our premium high pressure detergent concentrate. Excellent lubricating, foaming and cleaning properties make this product ideal for friction and reduced friction washing.

Power Foam

Formula 526: Super concentrated high foaming alkaline detergent fortified with cleaning power. Fantastic lubricating and foaming properties for cloth and brush automatics.

Citrus Plus

Formula 524: Natural citrus based liquid detergent concentrate. Provides high speed, deep cleaning under the most difficult soil conditions.

RECLAIM High Pressure Detergent

Formula 63-79-3: A unique high alkaline, high sudsing liquid detergent concentrate. Produces an orange foam and scent when applied to vehicle. 

Silky Suds

Formula 577: High lubricity foaming detergent designed for use in all foam, cloth, and brush washes. Produces a thick, rich lather for added lubricity. Highly concentrated.

PROTECTANTS

SHIELD All Season Total Surface Protectant*

Formula 573: A total vehicle surface protectant designed to repel water and deliver a high gloss shine and protection to vehicle surfaces, including paint, glass, and chrome. Surface reactive silicones and fluoro polymers bond to vehicle surface for outstanding shine and protection. Offer your customers a premium service that provides lasting value with no added labor. Fresh Blueberry Scent.  

Clear Coat Protectant

Formula 527: Cherry scented, silicone-fortified protectant designed to maintain and preserve clear coat surfaces as well as all modern finishes. Provides a visibly high gloss appearance and protective coating. 

Vanilla Kote Clear Coat Protectant

Formula 538: One of our best! This revolutionary new protectant provides excellent visual and aromatic appeal with its fresh waxy vanilla scent, crème base, protective sheen, and exceptional water beading capabilities. 

DRYING AGENTS

SHIELD Drying Agent*

Formula 580: WeatherShield drying agent incorporates the very latest advances in polymer chemistry technology. Formulated with a unique polymer, drying agent creates a fast water break that boosts drying efficiency and as an added plus, also provides a durable protection and shine. 

Drying Agent

Formula 520: Creates an instantaneous water break so that optimum blower efficiency and minimum wipe down time can be achieved. 

Berry Dry

Formula 570: Revolutionary new berry scented, polymer based hydrocarbon-free drying agent/clear coat protectant containing siliconized carnauba for enhanced shine and maximum drying capabilities.

IN-BAY AUTOMATICS / CONVEYORS

CONDITIONERS/POLISH

RADIANCE® TRI-COLOR Jazz! Foam Polish

Formula 557: The most electrifying triple foam polish on the market today. This concentrated, multi-colored polish is available in Sizzling Pink, Brilliant Blue, Velocity Yellow, and Arctic White. All contain an invigorating Tropical Scent. pH balanced for easy rinsing. Silicone fortified to impart shine and protection while providing enhanced water beading.

Weather SHIELD TRI-COLOR Foam Polish*

Formula 567: WeatherShield Foam Polish is the most technologically advanced foam polish in the market today. This revolutionary new formula incorporates the very latest advances in polymer chemistry technology. Foam Polish contains surface reactive silicones and fluoro polymers which bond to vehicle surface for outstanding SHINE, PROTECTION, and WATER BREAK. Available in Sizzling Pink, Brilliant Blue, and Velocity Yellow and contains an invigorating Green Apple Scent.  

Tri-Color® Foam Polish

Formula 530TCF: A unique pH balance foam conditioner designed for use in all triple color foam systems. Available in pink, blue, and yellow with a black cherry scent. Packaged in a near waterless hyper concentrate. A mere 5 gallons yields a whopping 25 gallons of concentrated solution.  

RADIANCE® Tri-Color® Foam Polish

Formula 550: Concentrated, multi-colored foam polish available in rich pink, blue, and yellow color with an enticing berry blast scent. Fortified with siliconized carnauba to impart shine and protection while providing enhanced water beading. pH-balanced for fast easy rinsing.  

Tri-Color® Clear Coat Foam Conditioner

Formula 537: Cleans, conditions, and protects. Unique pH balanced high foaming clear coat conditioner. Contains surface reactive polymeric silicones which help provide a lasting gloss appearance and protective coating. Available in bright pink, blue, and yellow colored foam with fresh black cherry scent. Use in customer pleasing triple foam arches.

*** Use the Weather SHIELD**

Total Protection Performance Package

consisting of:

- WeatherShield Foam Polish
- WeatherShield Total Surface Protectant
- WeatherShield Drying Agent

The most comprehensive plan of action to keep your customer's cars looking beautiful!

WHEEL AND TIRE CLEANERS

Non-Acid Wheel & Tire Cleaner Concentrate

Formula 560: Superb for safely cleaning all types of wheels (including chrome, aluminum, and magnesium), and whitewall tires. Removes brake dust instantly and makes whitewalls white again. 

ATC Liquid Tire Cleaner

Formula 521: Concentrated liquid cleaner especially formulated for use in chemical tire applicators. Solvent based, non-caustic. 

Whitewall Cleaner Powder

Formula 504: Heavy duty caustic powder tire cleaner for chemical tire applicators. Green marker dye added for product identification.

Magic Mag Brite

Ready-to-use wheel cleaner. Safely cleans and brightens aluminum, chrome, painted wheels and hub caps. Simply spray on and rinse off!

IN-BAY AUTOMATICS / CONVEYORS

RUST INHIBITOR

Underbody Rust Inhibitor

Formula 517: Super concentrated liquid rust and corrosion preventative. Apply during or after the underbody flush. Leaves an invisible protective coating. **R**

AUTO FRAGRANCES

Green Sense®

Wild Cherry, Strawberry, Piña Colada, French Vanilla, Jasmine, Cinnamon Spice, New Car, Baby Powder, Lemon Lime. Green Sense® Auto Fragrance is a high quality oil-based fragrance which neutralizes objectionable odors leaving auto interiors with a clean, fresh scent.

Blue Sense®

Wild Cherry, Strawberry, Piña Colada, French Vanilla, Jasmine, Cinnamon Spice, New Car. Custom formulated, water-based scents leave vehicle interiors with a fresh, clean, pleasant fragrance.

CARPET & UPHOLSTERY SHAMPOOS

Carpet & Upholstery Shampoo

Ready to use. Designed for coin-operated carpet shampoos. Available in summer and winter formulas.

32 to 1

Super concentrated. Perfect for all washable fabrics. Compatible with all leading carpet shampoos. Cost effective.

Spot Remover

Ready to use. Available in summer and winter formulas.

ALUMINUM BRIGHTENER/ WALL CLEANER

Aluminate Brightener & Kemlite Wall Cleaner

Easily removes heavy soils from car wash kemlite and block walls. Contains hydrofluoric acid. Protective clothing is required when using this product.

BUG CLEANERS

Bug Doctor

Safely penetrates and softens stubborn bug remains for easy removal. **R**

Hang Time Bug Remover

Unique clinging activator increases hang time allowing extended penetration to clean even the toughest bug residue. "Stays where you spray it."

TRUCK WASH

Truck Wash 2000

Concentrated liquid truck and trailer detergent. Removes exhaust deposits, road film, and bug residue in one application.

LAUNDRY DETERGENTS

Nu Blu

High-powered laundry detergent powder with grease releasing formula. Effective on tough, greasy industrial and institutional stains. Controlled suds for easy rinsing. Contains optical brighteners.

Blu Sky

Liquid towel detergent. A totally new concept in laundering. This powerful formulation provides excellent cleaning power with its unique combination of surfactants and water soluble solvent.

TIRE DRESSINGS

WC THICK Tire Dressing

Water-based silicone tire dressing designed for use in online tire shine applicators. This thick non-slinging formula provides a long lasting, high gloss shine that leaves tires with a professionally detailed appearance.

SUPER SHINE Tire Dressing

Premium high-gloss tire dressing producing incredible high-gloss finish on tires and trim with little to no sling. Can be used for hand application or in online tire shine applicators.

SUPER VANILLA Tire Dressing

Premium solvent-free tire and vinyl dressing produces incredible high-gloss finish on tires and trim with little to no sling. Can be used for hand application or in online tire shine applicators.

BLUE ICE Tire Dressing

Ready-to-use tire dressing utilizes a special blend of silicone and solvents to give tires a bright, long-lasting shine.

MICRO DRUM[®] HYPER-CONCENTRATES

The answer to your freight, handling, inventory, and warehousing problems. A mere 5 gallons of Micro Drum[®] Concentrate makes a whopping 30 gallons of cleaning concentrate.

CLEAR COAT PROTECTANTS

Blue Clear Coat Protectant

Formula 530R: This deep blue, blueberry scented clear coat protectant is the ultimate in customer appeal. Provides a visible high gloss appearance.  

Vanilla Kote Clear Coat Protectant

Formula 530VK: One of our best! Provides visual and aromatic appeal with its fresh waxy vanilla scent, crème base and protective sheen. Same as our Formula 538 Vanilla Kote. 

Clear Coat Protectant

Formula 530CCP: A revolutionary new protectant designed to maintain and preserve clear coat surfaces as well as all modern finishes. For use in all types of washes. *Formula 530CCP is the same fine protectant as our Formula 527 Clear Coat Protectant.* 

Lemon Spray & Shine

Formula 530LW: Lemon scented spray sealant. Formulated with silicones for outstanding shine and protection. Same as our Formula 503 Lemon Spray & Shine.

Clear Coat Sealant

Formula 530SW: Cherry scented premium clear coat spray sealant. Provides long-lasting wash resistant protection. Enhances vehicle finishes. 

Vanilla Foam Clear Coat Protectant

Formula 530VFP: A unique oil-free, foaming clear coat protectant which provides the ultimate in shine and protection. Great for self-service and in-bay automatic washes. Fresh vanilla scent. Same as our Formula 533 Vanilla Foam Clear Coat Protectant.  

FOAM BRUSH DETERGENTS

Pink-Cherry Scent; Blue-Blueberry Scent; or Yellow-Banana Scent Foam Brush

Formula 530R: Scented liquid foam brush shampoos. Three attractive colors for customer appeal.

Foam Brush Shampoo

Formula 530FB: Luxurious, cherry scented, pink foamy shampoo. Provides mountains of foam allowing foam brush to safely glide over vehicle finish. Same as our Formula 519 Cherry Foam Brush Shampoo.

HIGH PRESSURE DETERGENTS

Pink High Pressure Detergent

Formula 530R: High sudsing, alkaline liquid detergent that produces blankets of customer appealing pink suds along with a great black cherry scent. 

High Pressure Detergent

Formula 530AHP: A unique, high sudsing alkaline liquid detergent. Same as our popular Formula 531. 

Citrus Plus

Formula 530CP: Multi-use natural citrus base detergent concentrate. Designed for both friction and frictionless car washing. Same as our Formula 524 Citrus Plus. 

PRE-SOAKS

Purple Liquid Pre-Soak

Formula 530R: Pleasing purple color with a refreshing root beer scent. Contains a booster for added cleaning power.

Liquid Pre-Soak

Formula 530PB: A most effective liquid pre-soak. Contains a booster for added cleaning power. Pleasantly scented. Designed for low pressure application in self-service and automatic car washes. Same as our Formula 514 Liquid Pre-soak with Booster.

FOAM POLISH

Tri-Color[®] Foam Polish

Formula 530TCF: A unique pH balanced foam conditioner designed for use in all triple color foam systems. Available in pink, blue, and yellow with a black cherry scent. Packaged in a near waterless hyper concentrate. A mere 5 gallons yields a whopping 25 gallons of concentrated solution.  

EQUIPMENT

Micro Drum[®] Proportioner

Mounts easily to holding tank. Allows for direct draw from Micro Drum[®] container. Eliminates pre-diluting.

Conversion Kit

Converts standard hydrominder into a Micro Drum[®] proportioner.

SELF SERVICE

PRE-SOAKS

RADIANCE® Liquid Pre-Soak

Formula 554: This liquid pre-soak concentrate—colored purple with a refreshing safrole scent—quickly cuts through road soils, oils, grime and bugs.  

Liquid Pre-Soak with Booster

Formula 514: A most effective liquid pre-soak concentrate. Contains a booster for added cleaning power. Breaks bond between soils and the vehicle finish for easy cleaning. Pleasantly scented for customer appeal.  

Heavy Duty Powder Pre-Soak

Formula 508: Highly concentrated powder pre-soak formulated especially for frictionless car washing. Cost effective.

Heavy Duty Pre-Soak Powder

Formula 588: Non-Phosphate version of Formula 508. Use with soft water only. 

Heavy Duty Pre-Soak Detergent

Formula 508 Plus: Premium alkaline high sudsing powder detergent, formulated especially for frictionless washing. The extreme versatility of this powder allows it to be used in both touch free automatics and self-service car washes.

Heavy Duty Pre-Soak Detergent

Formula 588 Plus: Non-Phosphate version of Formula 508 Plus. Use with soft water only. 

Sensor Pre-Soak

Formula 516: Concentrated powder pre-soak designed specifically for sensor, basket, and overflow tank set-ups.

RECLAIM Liquid Pre-Soak Concentrate

Formula 63-79-1: Contains a unique blend of agents which quickly cuts through road soils, oils, and grime. Designed for self-service low-pressure applications. 

Improve Frictionless Pre-Soak

Formula 540: Single stage liquid alkaline pre-soak. Effectively cuts through tough road film and oils. Designed for use in frictionless car wash systems. Effective in all temperatures. Contains a unique cationic surfactant for better cleaning. Excellent for use in reclaim systems.  

FOAM BRUSH DETERGENTS

RADIANCE® Foam Brush Shampoo

Formula 559: Ultra-concentrated, bubble gum scented, pleasing pink, blue and yellow liquid foam brush shampoo.

Cherry Foam Brush Shampoo

Formula 519: Concentrated, cherry scented, pink liquid foam brush shampoo. The eye-catching thick, rich, bright pink foam and refreshing cherry scent are a must for customer appeal.

Foam Brush Anti-Freeze

Formula 513: Liquid detergent concentrate for use in foaming brush systems during cold weather. Prevents winter time freeze up. Protects to 42° below freezing. Available in pink foam with a cherry scent, yellow foam with a banana scent, blue foam with a blueberry scent, or unscented.

RECLAIM Cherry Foam Brush Shampoo

Formula 63-79-2: Concentrated cherry scented, pink liquid foam brush shampoo. The eye-catching bright pink foam and refreshing cherry scent are a must for customer appeal.

 Reclaim Compatible

SELF SERVICE

HIGH PRESSURE DETERGENTS

RADIANCE® Liquid High Pressure Detergent

Formula 551: A unique high-sudsing, high-alkaline liquid detergent that produces blankets of customer-appealing pink suds along with a great black cherry scent.

Achieve Premium High Pressure Concentrate

Formula 531: Our premium high pressure detergent concentrate combines high suds, alkalinity and visual appeal for superior cleaning.

Power Foam

Formula 526: Super concentrated, high foaming alkaline detergent fortified with cleaning power not normally found in a high foaming liquid. Thick, rich foam with excellent foam stability.

Citrus Plus

Formula 524: Natural citrus base liquid detergent concentrate. This unique concentrate provides high speed deep cleaning under the most difficult soil conditions. Pleasantly scented.

Detergent with Booster

Formula 509: High sudsing liquid detergent concentrate packs the cleaning power usually found only in a powder, in the convenience of a liquid.

Liquid Detergent

Formula 502: Highly concentrated liquid for self-service high pressure and foam brush applications. Exceptional lubricating and foaming qualities.

Active Plus

Formula 501: A powder for self-service car washes and pressure washers. Better cleaning with an added sudser.

Active Plus

Formula 501NP: Non-Phosphate version of Formula 501 Active Plus. Use with soft water only. 

PK-1 Detergent

Formula 506: A powder for the discriminating car wash that wants the highest available quality. Tailor made for self-service car washes.

PK-1 Detergent

Formula 506NP: Non-Phosphate version of Formula 506 PK-1 Detergent. Use with soft water only. 

Powder Sensor Detergent

Formula 515: Powder pressure wash detergent designed specifically for sensor, basket and overflow tank set-ups.

Heavy Duty Detergent

Formula 508 Plus: Premium alkaline high sudsing powder detergent, formulated especially for frictionless washing. The extreme versatility of this powder allows it to be used in both touch free automatics and self-service car washes.

Heavy Duty Detergent

Formula 588 Plus: Non-Phosphate version of Formula 508 Plus. Use with soft water only. 

RECLAIM High Pressure Detergent

Formula 63-79-3: A unique high alkaline, high sudsing liquid detergent concentrate. Produces an orange foam and scent when applied to vehicle. 

SELF SERVICE

CLEAR COAT PROTECTANTS

RADIANCE® Clear Coat Protectant

Formula 547: This deep blue, blueberry scented, sudsing liquid clear coat protectant is the ultimate in customer appeal. Formulated with aminofunctional silicones which provide a visible, long-lasting, wash-resistant high-gloss appearance and protective coating. **R**

WeatherShield All Season Protectant*

Formula 573: A total vehicle surface protectant designed to repel water and deliver a high-gloss shine and protection to vehicle surfaces, including paint, glass, and chrome. Fresh Blueberry Scent. **R**

* See page 4 for WeatherShield Performance Package

BERRY DRY Clear Coat Protectant/Drying Agent

Formula 570: Polymer-based clear coat protectant/drying agent containing siliconized carnauba for enhanced shine and protection. **R**

Vanilla Kote Clear Coat Protectant

Formula 538: One of our best! Provides excellent visual and aromatic appeal with its fresh waxy vanilla scent, crème base, protective sheen, and exceptional water beading capabilities. **R**

Clear Coat Protectant

Formula 527: Sell more cycles by offering your coin-op customers a true clear coat protectant. Silicone-fortified, cherry scented clear coat protectant is designed to maintain and preserve clear coat surfaces as well as all modern finishes. Provides a visible high gloss appearance which can last up to 30 days. Apply under high or low pressure. **R**

Vanilla Foam Clear Coat Protectant

Formula 533: A unique oil-free foaming clear coat protectant which provides the ultimate in shine and protection. High foaming activity enhances product performance and customer appeal. Pleasant vanilla scent. **R**

Spray & Shine

Formula 503: Rapid beading action ensures maximum water removal, promotes spot free drying. Available in fresh lemon or cherry scent for customer appeal. **R**

Lemon Foam Clear Coat Protectant

Formula 500: This unique protectant comes out of a standard pressure wand as a light foam which breaks up and creates rapid water beading. Pleasant lemon scent. **R**

CONDITIONERS/POLISH

RADIANCE® TRI-COLOR Jazz! Foam Polish

Formula 557: The most electrifying triple foam polish on the market today. This concentrated, multi-colored polish is available in Sizzling Pink, Brilliant Blue, Velocity Yellow, and Arctic White. All contain an invigorating Tropical Scent. pH balanced for easy rinsing. Silicone fortified to impart shine and protection while providing enhanced water beading.

MICRODRUM® Tri-Color® Foam Polish

Formula 530 TCF: A unique pH-balanced, high foaming clear coat polish. Available in bright pink, blue, and gold colored foam. Can be used in both automatic and self-serve applications. **R**

RADIANCE® Tri-Color® Foam Polish

Formula 550: Concentrated, multi-colored foam polish available in rich pink, blue, and yellow color with an enticing berry blast scent. Fortified with siliconized carnauba to impart shine and protection while providing enhanced water beading. pH-balanced for fast easy rinsing. **R**

Tri-Color® Clear Coat Conditioner

Formula 537: A unique pH-balanced high foaming conditioner. Available in bright pink, blue and yellow foam. Fresh black cherry scent.

Winter Tri-Color® Clear Coat Conditioner

Formula 537: Same as our stock Formula 537 only contains a freeze protectant to prevent winter time freeze-up. **R**

SELF SERVICE

WHITEWALL TIRE CLEANERS

RADIANCE® Liquid Foaming Tire Cleaner

Formula 555: Liquid foaming whitewall tire cleaner concentrate designed for air injected foaming whitewall systems. Produces a rich green foam. Fresh pine scent.  

WTC GREEN Non-Acid Wheel & Tire Cleaner

Formula 560 Green: Safely cleans all types of wheels (including chrome, aluminum, and magnesium) and whitewall tires. Removes brake dust instantly and makes whitewalls white again. Bright Green Foam.  

Foaming Whitewall Cleaner

Formula 511: Concentrated, fast-acting, high foaming tire and wheel cleaner. Produces a thick, rich, green foam for customer appeal. Clings to tire for longer dwell time, will not run off without cleaning.  

Whitewall & Engine Cleaner

Formula 504: A most effective powder that leaves whitewalls white and engines clean. Green marker dye added for product identification.
